THE SPENCER ON BYRON HOTEL IN NEW ZEALAND TO UNDERGO EXTERIOR RENOVATION

HONOLULU – The Spencer on Byron Hotel, a Castle Resorts & Hotels property located in Auckland, New Zealand, will undergo a cosmetic exterior renovation starting in May 2018. The project, which is expected to take three years to complete, will involve replacing the exterior cladding panels. The property will remain open during the renovations.

“There will be minimal disruption to the guest experience,” said Alan Mattson, President & COO of Castle Resorts & Hotels. “No guests will be assigned to rooms on floors undergoing panel replacement. In addition, all of the work will take place during business hours and guests will also be provided with a separate entrance to the building to avoid construction work.”

The hotel, restaurant, bar and conferencing centre will remain operational during the renovation. All amenities, such as the pool, spa, fitness center and tennis courts, will also be available for guest use.

The Spencer on Byron Hotel combines spacious accommodation, award-winning dining, first-class conference space and leisure facilities with unsurpassed panoramic views of Rangitoto Island, Auckland Harbour and the Hauraki Gulf. Located just 500 meters from Takapuna Beach, The Spencer on Byron Hotel’s amenities include a heated outdoor pool, all-weather floodlit tennis court, wireless Internet access, gymnasium and 24-hour room service, among others.
